a Personal Note - From - Lincoln Warrington

Your Honor - I, Lincoln Warrington, humbly come before you - as a man Fearful of contracting COVID-19 - at FCI, Fort Dix - camp - A-Side (dorm) - a Contaminated Cesspool your Honor - having said the above - paragraph - as to a matter of Life and Death - I do Not want this - Court to think that I, Lincoln Warrington is

(a) Attempting to side step my one year and one day Sentence and this Personal Note - is Not a challenge to - the Sentence Nor the Conviction - but

(b) your Honor - I fully believe and feel in my heart that this Court imposed a Sentence - to Compensate as punishment for my actions - but

(i) this Court would never sentence me to the possibility of Contracting COVID-19 - my sentence was a deterrent - From future - legal Problems - therefore

(c) your Honor, I, Lincoln Warrington, want to be on the record Pleading for Home Confinement in my final months of my sentence - as Protection From - a Cesspool - breeding the possibility of me - Contracting - COVID-19 as a matter of Material Facts - but First - I, want to address - my Law Firm -

(d) At issue - your Honor - I am Not attempting to disregard the Law Firm of levitt and Kaizer 40 Fulton Street 23rd Floor NY, NY 10038-5077 I believe they have - seen this Cesspool - in a totally different light after - all they are human - but do Not have to live in a Contaminated environment - that breeds death everyday - because - Living at Fort Dix - camp - is a nightmare every minute of the day - and I will provide - a perfect example

(ii) Let's say - a mother has one child with the chicken pox or the measles - if

(iii) She allows her other kids to be around the one child - with

either the chicken pox or the measles - those

(iv) kids will be infected with either the chicken pox or measles therefore

(e) At issue - your Honor - that mother unless - she wants the other kids - to be infected - would properly - separate the remaining kids - from - the infected kid - as a safety measure but

(v) As I detail to the Law firm of Levitt and Kaizer FCI, Fort Dix - has failed to maintain me, Lincoln Warrington in a safe environment - with my medical condition - and as the Law firm Levitt and Kaizer, mentioned this very Fact but

(1) Failed to make the connection - that FCI, Fort Dix - camp - is a breeding cesspool for COVID-19 - even though

(2) I gave the Law Firm - a very detailed accounting of specific and verifiable - day to day occurrences - that maybe the Law firm - did Not understand - I do Not blame - them - for

(f) At issue - they do Not live here at FCI, Fort Dix - camp - Nor are they at high risk - Are they Not at home - Are they Not in a position to take precaution - Are they Not in position to maintain social - distancing - Are they Not able to exercise - but

(3) Most important - your Honor - they are in complete control of the Factors - to be safe - even though - they could catch COVID-19 - but

(4) they Failed to realize - that I, Lincoln Warrington with the medical condition - do Not control these Factors

(g) at issue - there is No social distancing - and this cannot ever be achieved - there is Not enough space - and

(5) when inmates - wanted to put up - blankets or sheets to shield themselves - from - the person next to them - No more than 3 feet away - breathing the same - stale and stagnant air - because there is Not clear, fresh air - we are in an enclosed - area - therefore - this becomes - a breeding, infectious - cesspool - and given the Fact there is

(vi) - a bed right behind - majority of the beds in the dormitory - you - cannot put up - a sheet Nor blanket to again shield - that person - breathing - on - you - Further

(h) At issue - on - a somber and sad Note - was Not Myron Crosby - the

inmate at this very camp - A-Side dormitory that had acute - medical conditions - was forced to live in these conditions - and let's be open and honest your Honor

(6) At the end of the day - Myron Crosby - died - a preventable death - because

(i) At issue - your Honor - Look at how he was forced to live - he had a breathing - machine - Had - he been sent to Home Confinement Myron Crosby - would have been - in a much better position to protect himself - this is all I Lincoln Warrington, am asking - to be placed into a safe environment - and

(7) of very Importance - Myron Crosby - was in his early fifties - same as me - Late forties to early fifties - I did Not know Myron Crosby - but I am told - How he - planned to play with his grand kids - be with his family and kids - but Now

(vii) that can Never be - Myron Crosby is dead - a preventable death - as far as FCI, Fort Dix - camp - the toxic environment - a Cesspool - of dangerous - conditions - even the Now - demoted Warden David Ortiz - admitted - as such - but - your Honor

(8) Does Not David Ortiz - still have life - still has a pay check and a pension - but what does Myron Crosby Family have - a bunch of lies - a bunch of misrepresentations - because

(j) At issue - once - Myron Crosby - tested positive - he and the other inmates - were removed From the camp - and taken to a building on the west compound - building 5851 - a building that had been closed for at least 2 years - a building - that - has dust, mold, brown - running water - and again stale and stagnant air - and

(9) the inmates - had to clean this building - FCI, Fort Dix - just sent over - inmates - without any prior - "cleansing" - and

(k) At issue - these conditions were worse than the camp - therefore

(l) At issue - had Myron Crosby - been sent home - with his medical conditions - the environment - would have been different therefore

(m) At Issue - the response - From the government as to my request for home Confinement - Never mentions these severe and Cesspool - conditions - and

(viii) the government's attempt to state that the death of an inmate - Not mentioning Myron Crosby - was minor given the large inmate

population at FCI, Fort Dix - However

(ix) Any death - your Honor - is unacceptable - when the medical staff - ignores - such - medical conditions - when - it was avoidable - and senseless - Myron Crosby - should be at home - under Home Confinement - My final thoughts - your Honor

(n) At issue - Am I, Lincoln Warrington, under the same horrific conditions - and do I Not have - medical conditions - but

(x) the B-Side (dorm) of this - camp - all tested Positive - yet - without any blood work - FCI, Fort Dix - claimed the B-Side - to have the anti-bodies - medically this makes No sense - and

(xi) to make matters worse - the B-Side inmates - are - Now - going to work - at Specific buildings at FCI, Fort Dix - I ask

(10) Us - inmates - were - isolated - the question of Fact - How did the camp - the Low - get infected - From staff - going and coming back and forth - therefore

(11) the B-Side - Inmates - are at risk for the New strain of COVID-19 - and will bring it back to the camp -

(o) At issue - we all - A-Side and B-Side - have the facilities at the camp - a Cesspool of damage - there is No separation - Further

(12) FCI, Fort Dix brought 15 New inmates to the A-Side and we do Not know - any of the testing - of the 15 inmates - and

(13) Are Not the conditions - the same - same cesspool - therefore

(p) At issue - your Honor - you do Not have the Power to bring back Myron Crosby - but you - have the power to grant me Home Confinement as to my last few months - where - your Honor - you - cannot comfort Myron Crosby's Family, Home Confinement allows me life - and to raise my kids and to be around for my grand kids - be a Husband and Father - thank you - your Honor - For a chance at life
